## Water Plan Recommendations, Objectives and Related Actions

The objectives and related actions presented in Chapter 7 Implementation Plan are taken in part from DWR's Climate Change Adaptation White Paper dated August 20, 2008, and from other companion State plans. Many objectives derived from companion State plans were developed to meet various resource management and communication goals.

Table 3-1 shows the companion plans that have content related to the Water Plan objectives found in Chapter 7 Implementation Plan.

## Resource Management Strategies

The companion State plans have several connections with the Update 2009 Volume 2 Resource Management Strategies. Table 3-2 (Matrix of companion plans and resource management strategy categories) shows how each featured plan relates to the resource management strategy categories. Several companion plans have cross-cutting recommendations such as the need to both improve water quality and practice resource stewardship.
